CEO Chapman reminds Board that all marketing has been shutdown since March. Social campaigns have continued with safe and responsible content. Pushing those efforts out and waiting for conditions to be ripe for re-entering the market with consumer, leisure and MCC content. Fall effort seems most likely. Dallas and LA would be target for Winter.

- Biltmore: Very different day to day. Some weekends have beat last year's numbers. Real Estate sales have been strong. Boulder Bay units have sold out.

Re: IVCBVB Board Meeting Schedule

Background

Currently the month IVCBVB board meeting schedule includes meeting scheduled on the following months: July, September, October, November, January, February, March, April, May and June. This is a current total of 10 monthly meetings in a fiscal year. In addition, certainly monthly meetings have been canceled due to lack forum or agenda materials.

Recently the RSCVA board of directors moved to an every-other-month board meeting schedule. This allows the board agendas to concentrate items for board input and consideration. In addition, a recent survey of DMO member bureaus in the DMA West organization indicates a majority of boards are moving to a less than monthly board meeting schedule.

Staff would like to discuss the possibility of modifying our current operating procedure for IVCBVB board meetings. In reviewing our current by-laws, Item H-1 states as follows:

The Board shall meet regularly at a time and in a place to be designated by the Board. Special meetings may be held as often as the needs of the Board require, on notice to each Board member and the public.

Recommendation

Staff recommends the following monthly board schedule for consideration and possible action.

Regular IVCBVB board meetings shall be scheduled in July, September, November, January, March, May and June. Special board meetings may also be called as required in the organization by-laws.

Social Media Approach

Strategy

Based upon current travel trends in-market, county restrictions, and general consumer sentiment, North Lake Tahoe has adopted a limited posting strategy. This limited strategy includes three posts per week (optimized for each platform) each of which focuses on responsible travel/education as the primary message.

Objectives

- **Instagram:** Maintain a 5-7% engagement rate month over month (this is *very high*, compared to industry average of 2-3%)
- Facebook: Maintain a 3-4% engagement rate month over month (industry average for all types of content is 3.91%)
- Twitter: Maintain an average engagement between 0.09% and 0.33%
 - (industry standard)

 Increase overall followers by at least 0.5% monthly

Channels

 Facebook, Instagram, Twitter, YouTube, Pinterest

Follower + Engagement Insights:

- Total followers: 231,649
- Total audience increased by 0.1% with total net audience growth decreasing by 58.3% compared to the previous month.
- Total Impressions: 1,591,348 (+8.9%)
- Total Engagement: **60,427** (+**6%**)

Insights:

Engagements and impressions grew over the course of September, whereas in previous months that had remained constant or declined, indicating that there is more time being spent engaging with and reviewing travel content.

Emergency Messaging

Across all of North Lake Tahoe's social media channels, our team continues to curate a blend of aspirational tour-imagery along with educational messaging to support local businesses.

Mask Up Tahoe:

 The Mask Up Tahoe campaign continued to be shared across North Lake Tahoe's social channels.

Leave No Trace

 In an effort to combat a recent surge in trash and litter in the Tahoe region, we have crafted messaging encouraging visitors to "leave no trace" and clean up after themselves.

Recreate Responsibly

 Encouraging followers to respect nature, respect others, wear a mask, and only spread good vibes

Fire & Air Quality Safety

 Keeping the audience up to date with information about fires, road closures, and air quality.

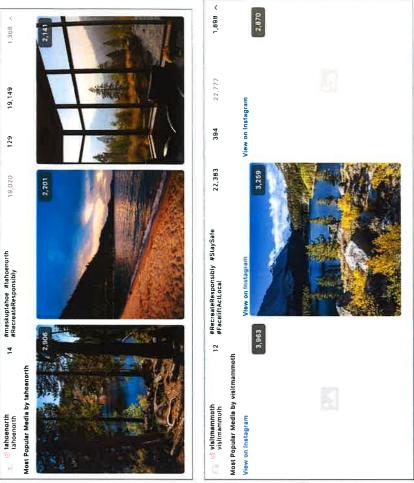

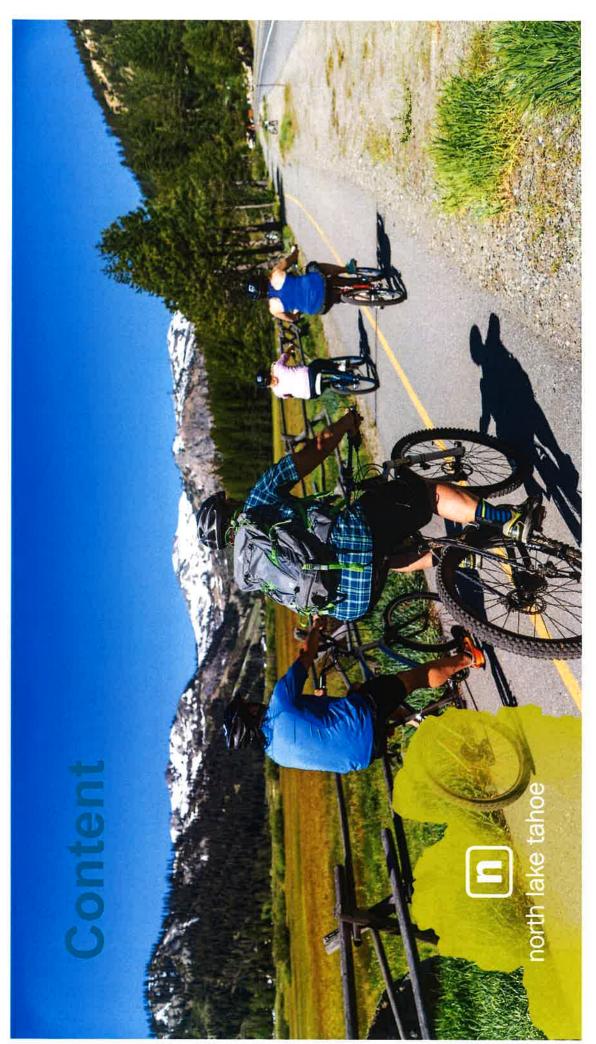

Instagram Competitor Set

Tahoe North has identified both Tahoe South and Visit Mammoth as competitors. In September, @TahoeNorth received more overall engagements than Tahoe South. In terms of total published posts, Tahoe North has posted more than Visit Mammoth, but less than Tahoe South

Content Approach

Overall Strategy:

The Abbi Agency has evolved content strategy by:

- Creating evergreen blog messages to provide consumers with messages that are beneficial year-round.
- Reserving time-sensitive information for monthly newsletters with the understanding that the newsletter can inspire and motivate travel intent.

- Brand Voice & Tone Blogs and newsletters are crafted with an identifiable "character," with the intent of conveying the "Tahoe experience" in all levels of the decision-making funnel.
- **Granular content per channel** for better segmentation to fly/drive market audiences.

Content Approach (cont)

Blogs:

- We have shifted from "events-based marketing" and are focusing primarily on education/responsible travel and evergreen content.
- In this way, we create aspirational messages that are useful to consumers for trip planning, year-round.
- With one blog per month, each is designed to *improve SEO*, *increase* brand awareness (especially during shoulder seasons) and provide educational content.
- Most blogs range from 600-800 words (a length that Google deems valuable).
- The Content Guidelines draft is complete and will be evolved in tandem with the brand book in 2021.

Newsletters:

The newsletter takes a more "news and events" approach, highlighting current and upcoming events, driving bookings and encouraging users in our flight and drive markets to explore North Lake Tahoe as its offerings change throughout the seasons.

Blogs & Newsletters

Key Themes:

- Sustainability
- Safety
- Adaptive Tahoe Dining

Campaigns:
